Examiner's first report on patent application no. 2003284269  
by Aramira Corporation

Last proposed amendment no.

Dear Madam/Sir,

I am replying to the request for examination. I have based this report on the pamphlet. I have examined the application and I believe that there are lawful grounds of objection to the application. These grounds of objection are:

- 1- Claims 2-4, 6-8, 13, 15-18, 21-23 are not quite clear because it is not clearly understood if "the piece of code" is meant to be "the piece of code from the database".
- 2- Claim 14 is not clear because "the first computer", at line 4, does not have prior reference.
- 3- Claims 1-23 define an invention which does not contain an inventive step in the light of: ("NIST Special Publication 800-19- Mobile Agent Security", by: Wayne Jansen and Tom Karygiannis; please see: Section 3.2-Integrity, lines 1-5, fig. 1, Section 4.2-Protecting Agent, par 3 lines 4-6, Section 4.1-Protecting the agent platform lines 1-27, Section 4.1.2-Safe Code Interpretation par 2 lines 7-13) combined with (US 6233601 A, please see: col. 2 lines 23-25, col. 4 lines 25-28, 30-35, 37-38, 64-67, col. 5 lines 1-5, col. 6 lines 49-62, col. 8 lines 32-36).

NOTE: There is a current postponement of acceptance in place. If you overcome all other objections before the expiration of that postponement, the Commissioner will only accept the application at that time if you have filed a clear and unambiguous statement requesting the withdrawal of that postponement. Otherwise, a further adverse report will be issued.

I apologise for any inconvenience resulting from your application not being considered within the time limit set out in our Customer Service Charter.

You have 21 months from the date of this report to overcome all my objection(s) otherwise your application will lapse.

You will need to pay a monthly fee for any response you file after 12 months from the date of the first report.

You will also need to pay any annual continuation fees that apply. These will normally be first due five years from the filing date. Please note however that earlier commencement dates apply for divisional applications.

Information about fees may be obtained by phoning 1300 651 010.

Yours faithfully,
